March 9 - 13, 2020 | 8 a.m. to 5 p.m.  
Reading Hospital – Tower Health

## DESCRIPTION OF TRAINING

This course is the initial training program for Sexual Assault Nurse Examiners. Nurses who complete this course will need to make arrangements to complete a clinical orientation at their own institution or a location approved by the International Association of Forensic Nurses. Attendees will learn through a variety of methods including lecture, video, group work, simulation exercises and case studies. This course meets all the education requirements outlined by the International Association of Forensic Nurses for initial SANE training.

## OBJECTIVES

The overall learning outcome for basic SANE education is to provide registered nurses and advanced practice nurses with the knowledge, and skills, and judgment to provide competent, comprehensive, patient-centered, coordinated care to patients being evaluated for sexual assault, or suspected of having been sexually assaulted.
